

Whatley News

Term 2, Week 8

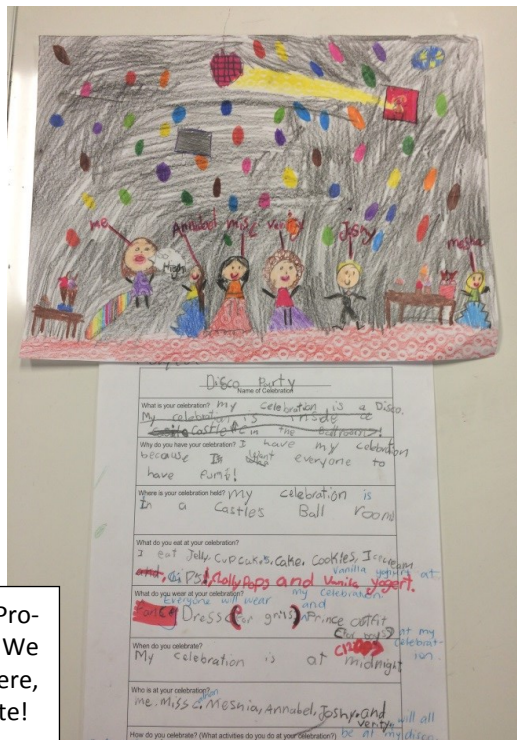

This fortnight has been about celebrating! Investigating why people celebrate, how people celebrate, and when celebrations occur. We practised our note taking skills by exploring a range of texts, including fiction and nonfiction books, pictures and video clips. Through our research, we defined a celebration as *a happy event that happened once a year, and was something to be excited about*. (This developed from our discussions as to whether ANZAC Day was a celebration or a commemoration). Following on from inquiry into celebrations from around the world, we created our own celebrations!

Notetaking Activity – What can I find out?

Creating Activity – What would you like to celebrate? How would you celebrate?

Synthesising Activity – What have I learnt from my notes?

We created a 'Celebration Profile' for our own celebration. We answered what, when, where, who, why and how to celebrate!

Upcoming Events:

Week 8
Tanner Showcase

Week 9
Report sent out

Week 10
Parent/Teacher interviews
