

Hi Tanner Families!

This fortnight Tanner went on excursion to Tuggeranong Library. We began our excursion with a tour of the library and an explanation on how to borrow books. We then found out how the library sorts the books on the shelves. The Dewy Decimal System was a little bit tricky to understand but with help from the friendly librarians we were able to figure out where to look for our books.

We then had time to do some research for our space inquiry information reports and we were able to use the books in the library to help us reference the sources of our information correctly. We were very excited to have access to such a wide variety on information on space, the planets and weather!

We have also begun our new arts workshops this term. Miss Schubert's group are choreographing a dance to "Can't Stop the Feeling" by Justin Timberlake while Miss Kennett and Mrs Castledine's group are creating owls in pottery. We have learnt how to make pinch pots and put them together to create a head and body and then add details like wings, feet and beaks!

Upcoming Events:

- 24/8 Book Parade
- 25/8 Whole School Assembly
9.15
- 29/8 Grandparents morning
- 31/8 Father's Day Stall
