Playing Musical Instruments with Cherie

On Wednesday Week 5, the preschool children had a visit from a local musician, Cherie. She came with her Djembe drums, guitar and shakers. We then played instruments, sang and danced to songs that she had written herself. We also sang a Moana song with her and she taught us how to play the Djembe drums. What a wonderful experience to work with a musician and learn how to use our voice, dance to the beat and follow patterns on the Djembes. The children reflected at the end of the session, which concluded that they enjoyed playing the Djembes.
