

Year 6 Buddies

This term we have started our buddies program with Year 6. Each fortnight the Year 6 students come and visit Kindergarten and work collaboratively with the students.

The purpose of our buddies program is to develop connections between Kindergarten and the older students and to provide Year 6 with opportunities to practise their leadership and peer support skills. To support the students in developing their buddy relationships we have discussed the expectations of our buddies program, shown in the photo below.

Some things we have done with our buddies this term include playing board games, sharing a story for the National Simultaneous Storytime and planting some vegetables in our sustainability garden area.
