

Hi Families,

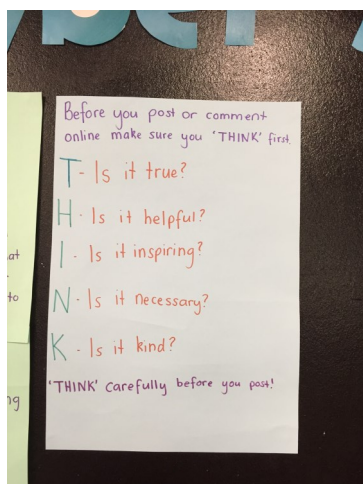

## Writing

Students have been working hard on the writing process throughout the term and have reached the publishing phase. Over the last week, students have been working hard to finish their editing and refining, designing front and back covers and blurbs. We can't wait to showcase their writing at the Book Launch on Wednesday August 30th.

## Cyber Safety

We have been learning a lot about Cyber Safety this term. Students have been watching a series of videos from the e-safety website called *#Game On*. These videos outline the importance of having a positive digital footprint and to be very thoughtful about what is posted online. Students have identified that to have a positive digital footprint we must:

- Not share or comment negatively on posts or photos
- Think carefully about what is uploaded to social media
- Speak and interact in a kind manner
- Think carefully about what websites we visit
- Do not post photos where we can be easily identified (in school uniform, at school, at the front of our house etc.)
- Report any cyber bullying to a trusted adult

Tanya Harley, Kathy Linehan,  
Mel Laver, Nicole Tuhon and  
Hope Wade

## Upcoming Events:

- 24/8 Book Parade
- 31/7—Father's Day Stall
- Week 7— Writing Showcase
